STANDARD FABRICATION & INSTALLATION NOTES:

- 1. Field verify all dimensions prior to fabrication.
- 2. Ensure all substrate surfaces are level and capable of supporting countertop weight.
- 3. Seam locations shown are suggested; actual locations to be determined by fabricator based on slab sizes.
- 4. All exposed edges to be polished unless otherwise noted.
- 5. Sink/cooktop cutouts must be verified against actual appliance/fixture templates.
- 6. Support brackets required for overhangs exceeding 10 inches.
